HILL DIRECTORY CO., Inc.

Home Office, 823 Mutual Building, -:- Richmond, Va.

PREFACE.

(Furnished by Chamber of Commerce)

A city strategically situated, blessed by nature with a variety of resources and kept up-to-date by the hand of man. It possesses both trunk line rail and deep water transportation, which gives it low freight rates and permits quick freight movements in great volume.

It is both important as a port and an industrial city, while it is the pivotal point for a rich and large agricultural area, and is the trading center for fully 350,000 people, the city being their nearest, as well as largest market.

As a port, it possesses a fresh water harbor, thirty miles from the bar, and ice is an unknown quantity in the river, which has a deep water channel, up and down which go big ocean steamers, bound for Europe, Latin America and other foreign shores.

Its exportations and importations are large and ever growing, which marks a successful port. As a cotton port it yearly sends forth upward of 500,000 bales per year, and this record is evidently going to be surpassed. Its imports cover a large field in variety and come from practically every quarter of the globe. In a five year period since 1909 the foreign exports alone increased 26 per cent, while the imports increased 239 per cent.

Within the past year the population of Wilmington has increased in a tremendous way, and it is now a city of over 45,000 population, housed in comfortable homes. To accommodate the increasing population not only did individuals build homes, but the citizens formed what is known as the Victory Home Company, with an authorized capital of a million dollars and PAID IN OF $250,000.00 to erect houses, which object has been successfully carried out.

Regardless of conditions following the war the year 1919 has already witnessed preparations for big building operations, among such being the awarding of a contract for a large new fertilizer factory to be erected by Morris and Company, thus supplementing the city's already large number of such industries.

The natural gateway of North and South Carolina, intermediate between the whole territory and Richmond.

Wilmington is North Carolina's seaport city, the gateway of her commerce and trade. North Carolina is a vast State in area, larger than New York or Pennsylvania, and almost as large as New England. Wilmington is the natural distributing point for North Carolina and parts of South Carolina and Georgia. Think what it would mean if all of New England had only one such distributing seaport, and it will then be realized why Wilmington must grow and is growing to meet the demands of this vast territory whose bountiful natural resources have hardly been touched.

From the Middle West the Panama Canal is in more direct communication via Wilmington than by any other South Atlantic seaport, and cargoes to and from Wilmington will not be subject to the dangers of Cape Hatteras

Wilmington is the center of the greatest vegetable producing district in the United States. A few years ago no strawberries were raised except for domestic use; now WILMINGTON IS THE LARGEST STRAWBERRY RAISING DISTRICT IN THE WORLD. It is the LARGEST LETTUCE PRODUCING DISTRICT IN THE WORLD, and next to the largest peanut market.

Wilmington's outlets by rail and water are the Atlantic Coast Line and Seaboard Air Line systems, Wilmington, Brunswick and Southern Railway, the Clyde Steamship Line to New York.

Wilmington has a wonderful climate; no extreme heat or extreme cold. Average summer temperature, 78 degrees; average winter temperature, 48 degrees. The normal rainfall is 51.05 inches; average annual clear days, 132 (New York, rainfall 44 inches; clear days, 118; New Orleans, rainfall 57 inches; clear days, 109). The mild climate and diversified opportunities make this city and section a haven for homeseekers.

The Wilmington district is one of the greatest trucking regions in the United States, and the yield from this early crop reaches the sum of $3,000,000.00 annually.

Nearest Atlantic port to the Ohio gateways, and nearer Cincinnati than Charleston by fifteen miles and Savannah by thirty miles.

Largest distributing point south of Baltimore for products of the Standard Oil Company.

Has immense terminals that can load sixteen ocean-going ships at one time, providing them with over 600,000 square feet of warehouse space.

Has two immense shipyards, one building steel ships and one concrete. Has the honor of possessing only Government owned steel shipyard in South, and first Government owned concrete yard in country.

The commerce on the Cape Fear river at and below Wilmington averaged 945,361 tons, with an average valuation of $55,685,101.00 for the five calendar years ending in 1913.

One of the charter members of the South Atlantic Maritime Corporation, and will soon have steamer lines reaching Latin America. The president of this big concern resides in Wilmington.

South of Hatteras, thus assuring safety to vessels from Latin America and other countries to the south of the United States, and occupies strategic position of advantage to such countries.

River never has ice, which permits year 'round navigation, and climate is never too cold to make work outdoors a hardship or discomfort.

Has many fertilizer factories and a number of fish factories, employing thousands of men.

Has handsomest custom house in the South, which has just been placed in commission.

Next terminal of inland waterway canal, this link being from Beaufort to the Cape Fear river.

245343

Has two immense cotton compresses and number of shipyards and a marine railway.

With both water and rail transportation, thus affording quick hauls and low freight rates, and near the scenes of raw material, Wilmington is a splendid spot for manufacturing industries. Two big railroad systems—the Atlantic Coast Line and Seaboard Air Line—place the city near the great coal fields and the iron producing zones.

Wilmington has manufacturing plants of many kinds, cotton and hosiery mills, wood and metal works, cement concerns, cotton factories, candy factories, tea chest manufactury, modern machine shops, many big fertilizer factories, saw mills, oil stations, etc.

Two packing plants in operation. One, costing half million dollars with a slaughtering capacity of one thousand hogs per day, has just started up.

Second distributing point for fertilizer in the South. Has many immense fertilizer factories and another one about to be built.

Leading banking center of State, its banks having capital and surplus March 4, 1919, $2,963,488.26; deposits, $19,098,509.12; total resources, $25,564,194.43. Growing steadily all the time.

Jobbing business goes over $50,000,000.00 annually, and retail merchants do giant business, as city is trading mecca for a section of over 350,000 people.

City of big weekly pay rolls. Annual payrolls upward of $15,000,000 distributed among thousands of employes.

Headquarters of Atlantic Coast Line System, employing about a thousand men and women.

Wonderful all year around climate and a health record praised by the United States Government.

The Wilmington section has crop growing days to the number of 240, which is the equal of Northern Mexico, though with the advantage of an ample and equitable rainfall.

City of fine streets, beautiful homes, great churches and modern schools. In a county netted by good roads, the superior not to be found anywhere.

Home office of North Carolina Land Owners' Association and other big institutions that are working and spending money to make North Carolina bigger and greater.

Place of modern amusements with best beach resorts on South Atlantic Coast within thirty minutes' ride of the city.

Most popular beaches on South Atlantic almost on threshold of city.

A metropolis with a Chamber of Commerce aroused to the city's great advantages and eager to answer all questions and extend hearty co-operation. Write the Chamber of Commerce for any information desired.

THE BUYING GUIDE OF WILMINGTON'S WORTH WHILE HOMES

THE MORNING STAR
FOUNDED A.D. 1867
Every Day in the Year
WILMINGTON, NORTH CAROLINA

All the News All the Time

DELIVERED BY CARRIER
IN WILMINGTON AND SUBURBS
DAILY AND SUNDAY

60c PER MONTH

AND WORTH IT

Preferred, Because---

The Morning Star carries full Associated Press dispatches, with complete local and State news service, and exclusive features.

Indispensable to Advertisers in Covering Wilmington and Surrounding Territory

Read and appreciated by most of the best families who have incomes above the average.

The Star reaches the actual buying power in this territory—hence the results—the ability to sell goods.

A NEWSPAPER WITH HOME INFLUENCE

Fertilizers

Feed the Fields that Feed the World!

THE world is asking for bread and meat. Bigger crops cannot be raised by increasing your acreage, the shortage of labor makes that impossible. To meet the demand for bread more grain must be raised on the acres you now cultivate.

You must fertilize. You cannot ship away more fertility in the form of bigger crops unless you bring more fertility in.

To raise more livestock, we must have more feed. The only way to grow more feed, is to add to your soils supplies of plant food. Upon the use of fertilizers depends both bread and meat.

In the vast storehouses in the earth, Nature provided food for the soil, Nitrates and Phosphates, just as she provided food for man and beast. These plant foods we gather from the four corners of the globe, and make into V-C **Fertilizers** that are balanced crop rations—that benefit the crop immediately—nourish it from seed time until harvest. The crop is not overfed on one element and starved for the lack of another.

Freight is Congested—Order Early!

We have more than 50 factories in the North, South, East and Middle-West. We are able to get fertilizers to you with a minimum amount of hauling, but the car shortage is serious. Fertilizers should be ordered early, so that the dealer can assemble his orders and have every car loaded to maximum capacity If you do not order **now** you may have to do without them!

When the fertilizers arrive, haul them home and store in your barn until you are ready to use them.

Write us for name of dealers near you who sell V-C Fertilizers.

V-C Fertilizers

"Every bag of V-C Fertilizer made 100 pounds of pork!"

"YOU remember in the spring, Bill, I applied V-C Fertilizer to that corn land. You were a "Doubting Thomas." You didn't think 'twould pay. Where **no** fertilizer was used, my yield was about the same as yours, but where the crop was fertilized, the yield per acre was 13 bushels **more**. It cost me about $3 to get those extra 13 bushels.

"Now I've turned in my hogs. Those 13 bushels of corn will make more than 100 pounds of hog meat. It's just plain business sense to convert $3 worth of fertilizer into $20 worth of pork. 50 acres of my corn land will make $1,000 more profit on hogs than was possible without V-C."

There are lots of men like Bill whose farms are under-productive because they do not replace the plant foods each crop extracts.

Others like Mr. McIver Williamson, of South Carolina, use from 1400 to 2000 pounds to the acre and not only make more corn — but make it at a much lower cost per bushel—and enrich the land as well. They convert chemicals into cash.

V-C Fertilizers contain every element needed to make both stalk and grain.

Important to Order Early.

Freight cars are scarce. Give the dealer your order so that he can have cars loaded to maximum capacity.

Does Your Life Insurance Policy Provide the Payment of

$ 1,200.00 per year to you as long as you live, should you become totally and permanently disabled before age 60 ?

$10,000.00 to your beneficiary in case of death ?

$20,000.00 in the event you die during the premium paying period of your policy, as the direct result of an accident of any kind ?

Does It Also Provide

That your premium payments shall cease in case of total and permanent disability and that you shall receive dividends each and every year, just as if your premiums were being paid by you; and that, no matter how many years we pay you disability, no deductions for this are made at your death, and your beneficiary receives the full face amount of the policy. ?

IT DOES, IF

It is a $10,000.00 policy, containing the new Disability and Double Indemnity Clauses, issued by

Jefferson Standard Life Insurance Co.

Greensboro, NORTH CAROLINA

"A Conservative with a Move on"

Don't take chances—apply while you are in good health. Delay is dangerous and will add to the cost!

You owe it to yourself and those dependent upon you to investigate this new form of protection.

Hill Directory Company
Incorporated

823 Mutual Building, **RICHMOND, VA.**

Association of North American Directory Publishers

ORGANIZED NOVEMBER, 1898

H. J. FARNHAM, New Haven, Conn., President
GEO. W. OVERTON, Chicago, Ill., 1st Vice-President
J. MARTIN GARDNER, Toronto, Ont., 2d Vice-President
THEO. F. SMITH, St. Paul, Minn., Sec'y-Treas.

TRUSTEES:

R. H. DONNELLEY, Chicago
A. V. WILLIAMS, Cincinnati
R. W. LOVELL, Montreal
R. L. POLK, Detroit.
W. H. LEE, New Haven
G. D. W. MARCY, Boston
W. G. TORCHIANA, Philadelphia
B. D. ANNEWALT, Cleveland
D. W. BOWMAN, Akron
A. H. BOYD, Reading
W. L. RICHMOND, Yonkers

THE OBJECTS OF THE ASSOCIATION ARE AS FOLLOWS:

FIRST:—To improve the directory business by the interchange of ideas, and by the exchange of competent employees.

SECOND:—**To protect the public against fraudulent advertising schemes, operated under the name of directories, and to drive the promoters of such out of the business.**

THIRD:—To provide permanent and continuous employment for honest and faithful directory canvassers.

FOURTH:—For the mutual advancement of the established and prospective interests of all who may become members of the Association.

$100 REWARD

The Association of North American Directory Publishers will pay the above reward for the arrest and conviction of any one soliciting or collecting money on Fraudulent Directories, provided the conviction results in imprisonment of not less than 6 months. In case of arrest immediately telegraph THEO. F. SMITH, Sec.-Treas., St. Paul, Minn., or
